Wireless and contactless smart attachment for precise drug delivery measurement to be mounted on drug delivery systems such as auto injectors & pen injectors. Designed, developed & manufactured for Insuline-Medical (www.insuline-medical.com).

FEATURES

1. Time of Usage.
2. Place of Usage (Optional).
3. Drugs Delivered.
4. Drugs Left.
5. Visual Statistics and many more...

APPLICATIONS

- Medical and Pharmacy.
- Facilities Management.
- Auto Injectors.
- Internet of Things (IoT).

WE HELP YOU SENSE CHANGES IN REAL-TIME!

Digitized changes in temperature and motion detected by the sensors are automatically transferred using Bluetooth to mobile devices, while simultaneously being uploaded directly to Google, Amazon, and Samsung, Azure or any private cloud storage solution. It is easy to use and operate. Available as White Label Technology.
